

'Dear Santa' Letters

(Editor's note: This year the Torrance Press is giving away two Schwinn bikes through the courtesy of the Torrance Cycle and Sports shop, 1421 Marcelina for the two best "Dear Santa" letters (boy and girl). For details see page 1. Following are just some spot samples of letters received by way of example. The fact that letters are or are not published from week

to week has no bearing on whether they are being considered for the prize or not. These letters are just samples picked at random. Space does not permit the reprinting of all letters received.)
Dear Santa,
I think you are the nicest man in the whole world besides my daddy and the dear Lord. I made up this little poem for

THE GIFT
What can I give Him
Poor as I am?
If I were a shepherd
I would bring a lamb,
If I were a wise man
I would do my part,
Yet what can I give Him,
Give Him my heart.
And Santa, that is how much
I love my Saviour the Lord.
P.S. Santa there will be some
cupcakes on the dinner table
and eat them all so you will
get nice and chubby.
I am 9 years old. This money
(24 cents) I have in here is to
go and help little kids—and I
don't mean goats.

(Editor's note: Santa asked
us to thank you. The money
was given to the City of Hope
which does so much for chil-
dren.)

Help Needed, Letters Show

The Torrance Post Office has received a number of letters to Santa, including some which indicate that help is needed by certain families. Postmaster Clare Conner stated this week.
Service clubs or other groups working on Christmas projects are invited to check some of these letters, Mrs. Conner, stated.

parakeet, little Peetey. This year may I be so brave as to ask for a Schwinn bike? They are so wonderful, I have tried all year to be a good boy, but haven't always kept to my wish. I am sorry. Please be good to my bother, Duane, and don't forget my darling mother and dad. And I am 9 years old.

it cost about \$1,000,000 and its facilities will be available to all qualified physicians and their patients, it was stated.
Revolutionary aspects of the hospital include interior central

corridors for hospital personnel, push-button controls for self-serve nurseries and home-like decentralized nurses' stations, sufficiency of patients, maternity rooms with adjoining pri- color schemes and interior deco- rations.
